Alexandria Side Table

FG000095 Pewter Mica

The Alexandria Side Table has a greater surface size than the Alexandria Salon Table to allow for use as a lamp table or to sit alongside larger seating. Polished brass feet support ebonized wood legs and a new table surface; mica. Mica is a naturally occurring material with gorgeous tones and an inherent reflective quality. We have selected 'pewter' and 'deep amber' colours and inlaid oblongs in a variegated brick-like pattern reminiscent of Parisian tables of the 1920's.
