

WOOD FRAME SIDE CHAIR

The Wood Frame Series was originally designed to be remarkably lightweight and sophisticated without interfering with comfort. This was achieved by reducing the form of the chair to its essence — an exposed structural fine wood frame that integrates all elements of the chair, connecting seat, back and arms while creating a ‘caged’ effect, and a system of thin, layered cushions for ultimate comfort.

The Wood Frame Side Chair takes this concept and pushes it to its limits. The wood elements produce the chair’s distinctive side profile and back view, two of the most important angles of any dining chair when viewed around a table. The outer corners are softly rounded, a BassamFellows signature, and the exposed rear frame becomes both a handle to maneuver the chair and a convenient place to hang the user’s jacket or sweater.

CB-540	W 24"	W 61cm
Wood Frame	D 24 1/2"	D 62.2cm
Side Chair	H 31"	H 78.7cm
	SH 18"	SH 45.7cm
	AH 25 1/2"	Arm H 64cm

CB-541	W 20 3/4"	W 52.7cm
Wood Frame	D 24 1/2"	D 62.2cm
Armless	H 31"	H 78.7cm
Side Chair	SH 18"	SH 45.7cm
