KANT TABLE

The BassamFellows Kant Table is a natural companion for the Mantis Side Chairs as it offers a similar study in contrasts: strong and elegant, sharp and curved, solid and light. Due to the table's ambitious dimensions, the challenge was to create an elegant, visually light base that would provide structural support for a solid wood top. Borrowing from architectural principles, the resulting tabletop is supported by twin beams and angled legs bound by a V-shaped truss support.

Marrying the elegant with the formidable, the Kant Table offers great versatility. The first piece designated for a commercial setting was selected for Starbucks' Seattle Reserve Roastery, where 12 Mantis Chairs accompany it in the luxurious library and tasting room. Despite its heft and durability, the table possesses myriad details that make it a joy to experience. Among them are a half bullnose gently rolled edge that contrasts the sharpness of other elements of the table, and softened corners that are touch-friendly and aesthetically engaging.
