

SIENA RECTANGULAR/SQUARE COFFEE TABLE

Siena is a strong and distinctive design, with solid clean lines. Like Madison and Apollo, it can easily be tailor made to your own measurements and finished in any of our steel standard or specialist finishes which can then be combined with glass or marble tops. All of the available finishes can be viewed [here](#). Siena is part of our hugely popular Avenues collection. The Siena design is a prime example of the perfect heirloom furniture piece. Marble is extremely durable but stands the test of time and looks as at home in a contemporary space as it does in a country pad. Siena is a great way to be introduced into the Tom Faulkner design process. It's a simple piece of furniture that can have subtle design elements changed to really make it a bespoke piece.
