

MADISON RECTANGULAR/SQUARE COFFEE TABLE

Madison is one of our best-selling coffee tables. The simple, elegant and classical design can be adapted to suit almost any environment. Madison is available as either square or rectangular and comes in 7 standard sizes. Choose from one of our hand painted specialist finishes or standard finishes for the frame – all of these can be viewed here.

This has become an interior designer favourite as it works in so many different design settings – as at home in a contemporary town house as it is in a traditional country pad. When styled, this table really shines (check out our styling tips here).
