

## MADISON OVAL/ROUND COFFEE TABLE

Madison is one of our best-selling coffee tables. The simple, elegant and classical design can be adapted to suit almost any environment. Madison can easily be tailor made to your own measurements and finished in a selection of our specialist or standard finishes, which can then be combined with a clear glass or antiqued mirror glass top (the bottom shelf always comes in clear glass). It is also available as a square or rectangular table – the possibilities are endless! Madison is part of our hugely popular Avenues collection.

This has become an interior designer favourite as it works in so many different design settings – as at home in a contemporary town house as it is in a traditional country pad. When styled, this table really shines (check out our styling tips [here](#)).
