

MID WEIGHT LINEN IN POPCORN

£137

Code: 7173

Application: Upholstery, Curtains, Soft Furnishings

Composition: 100% Linen

Martindale: 40,000

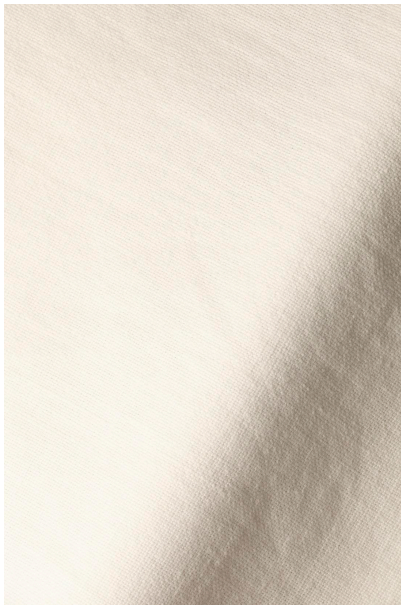

Produced using flax that has been spun from the finest Masters Of Linen European yarn, Popcorn is woven in small batches on special wide width looms, and is then tumbled to produce wonderfully soft draping and natural looking pure linen. A wide width of 280cm makes it particularly suitable for drapery. See 'Otter' for the same weave in a natural colourway.
