

## HALO ROUND SPOT TABLE

Workshop/APD Exclusive

A round solid wood micro-beveled top floats cantilevered atop a bent-metal leg with a metal return and echoing circular foot. The asymmetrical take on the I-beam is decidedly contemporary without being overly reductive. The streamlined spot table presents hallmarks of the collection and can easily accommodate a laptop or movie snacks for residences, while also working beautifully within hospitality and commercial settings.

Dimensions: Ø11" 22"H
