

HIRO CHAIR

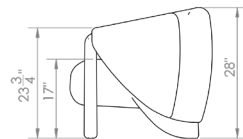

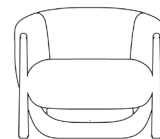

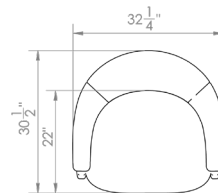

Workshop/APD Exclusive

The Hiro Chair ignites viewers' imaginations, with a unique design that calls to mind everything from beetle shells to layered feudal armor. Inspired by a single curved gesture and a desire to create an accent chair with levity, Hiro offers abundant comfort in a seemingly compact form that belies comforting proportions. Its molded back has a fluid, draped quality, layering upholstery over a wood apron detail that touches down to ground and balance its airy form. Hiro is offered in COM and COL, in Workshop Collection's standard fine wood finishes.
