

## HUGO LOUNGE CHAIR AND OTTOMAN

Workshop/APD Exclusive

An iconic focal piece, the Hugo Chair marries modern cast metal and enveloping upholstery. With a focus on the connection of forms and components, its exposed metal legs bracket a distinctive 3-piece seat, creating compelling tension between its kinetic design and inherent comfort and ease. Light on its feet and poised for an embrace, its joyful anthropomorphic shape and thoughtful proportion and scale invite users to settle in. Hugo offers compelling views from every angle, making it a perfect choice for a fireside statement, cozy corner, or center stage. Offered in an oiled rubbed bronze metal finish, the Hugo Chair is available in COM and COL and can be paired with a coordinating Hugo Ottoman.
