

MID WEIGHT LINEN IN FIR TREE

Code: 11153

Application: Indoor/Outdoor Upholstery, Curtains, Soft Furnishings

Composition: 91% Linen, 9% PA

Launched as part of our outdoor collection but equally suited to interiors, Fir Tree combines the natural beauty of pure linen with the assurance of performance. Woven from 100% linen and weighing 430 grams per square metre, it carries a supple handle that balances durability with an easy, relaxed drape.

Enhanced by a discreet technical finish, the fabric is both water-repellent and resistant to mildew, making it particularly suited to upholstery, curtains, and soft furnishings in more demanding environments. With a Martindale of 55,000, it withstands frequent use while retaining the tactile appeal and quiet texture characteristic of a simple

R

natural linen. Fir Tree offers a practical yet refined solution - a fabric that feels effortlessly comfortable and natural while providing enduring strength and versatility.
