

MOHAIR VELVET IN PUSSY WILLOW

Code: 11138

Application: Upholstery, Curtains, Soft Furnishings

Composition: Pile: 100% Mohair. Overall: 60% Mohair, 40% Cotton

Woven from the finest mohair yarn, Pussy Willow is a velvet of quiet luxury and remarkable depth. Its long, flowing pile catches and reflects the light with a soft lustre, creating a surface alive with texture and subtle movement. The dense mohair pile rests on a tightly woven cotton base, combining sumptuous softness with notable resilience (100,000 Martindale).

At almost 700 grams per square metre, Pussy Willow has a generous weight and a beautifully supple drape, ideal for upholstery, curtains, and cushions that call for both presence and refinement. The pale blue tone enhances the fabric's natural radiance,

while gentle variations in lustre and occasional flecks of darker fibre lend individuality and character. Elegant, enduring, and quietly expressive, Pussy Willow embodies the timeless appeal of mohair velvet.

Martindale: 100,000
