## Moiré Floor Lamp

FG008434 Special Shade

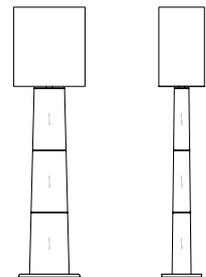

*Delicately inlaid panels separated by bronze lines in an elegant tapering tower that shapes the falling light. Ocean blue straw marquetry like warp threads travels up the lamp creating a soft shimmer of colour. The figure-of-eight shape creates undulations for the light. The undulations of the Moiré Floor Lamp is capped by the woven intricacy of Anne Corbiere's Cadenza handwoven fabric*
