Pambadan Sconce

FG008438

The Pambadan Sconce derives its name from the extravagant gold jewellery of Tamil Nadu proudly worn by the women there as symbols of their wealth and beauty. The intricate form supports a block of pure rock crystal that diffuses and emanates the light within. A pair of bright jade spheres act as a counterpoint to the stacked cubic shapes above.

Inches	W 5 1/2 in	D 8 1/8 in	H 12 1/4 in
