SPUN FLOOR LAMP IN POLISHED BRONZE - US WIRING

Code: 11711

ROSE UNIACKE EDITIONS

Finish: Polished, lighter bronze

The Spun lamp is hand crafted using hot cast bronze via the sand-casting process. This creates an organic pitted texture that is then hand-finished and patinated. All elements combine to fashion a traditional, yet modern styled lamp of versatile elegance and character

We recommend that this lamp be paired with our Extra Large Tapered Drum with Diffuser
